44. a) Write a Summary of the following passage.

We need to use our energy sources wisely and economically and conserve as much of our energy resources as we can. How can we do this?

Firstly, we must reduce our dependence on non-renewable resources. For example, can we design or invent vehicles that do not use petrol or diesel as fuel? If we can, then we can reduce our consumption of petroleum. Many scientists and engineers are working on this idea. Can we use water and wind power, rather than diesel or petrol or coal power to generate electricity?

Secondly, we must look for and use alternative fuels and sources. Rather than using coal, kerosene or cooking gas, can we use animal wastes or plants wastes? We have learnt to extract energy from

animal wastes such as cow dung and plant wastes. One successful method is to ferment animal waste in closed containers and produce a gas called biogas, which is just as good as cooking gas. The waste from the biogas plant can be used as manure in fields and plantations. A second example is the use of windmills, where wind is used to turn a paddle wheel to produce electricity or to lift water.

Thirdly, we must make greater and cleverer use of the sun. The sun is a perennial source of light and heat for the earth, and it is absolutely free! If we could devise methods for capturing the heat and light from the sun and transforming it into electricity, mankind could benefit greatly.

OR

- b) Write a paragraph on an interesting news item you have read or heard about, in recent times.

45. a) Write a letter of application to the Manager of a glass manufacturing company for the post of clerk. Enclose a detailed Bio-data with the covering letter.

- i) My mother asked when would I return from school.

- ii) There weren't much women tourists in the group.

- iii) One of my sister lives in Canada.

- iv) The Captain as well as his soldiers were ready to face the enemy assault.

- v) I borrowed these books at the library.

47. a) Imagine that you are vacating your house and relocating to another city. You are contacting an employee of a Packers and Movers Company to shift your household things. Build a telephone conversation with that employee in not less than seven exchanges.

OR

b) Read the following passage and answer the questions given below.

Dr. Carver was an American Black slave, who by dint of his ability became a scientist and educator of world - wide fame. A national monument has now been erected to honour him. This monument has been built at his birth-place in the United States of America. Carver's life and achievements prove the American saying: "You can't keep genius. He would get up before sunrise to study the wonders of nature before the break of dawn. His guardians wanted to educate him but were too poor to do so. So, he left home when he was hardly ten years old, and began to work at small jobs. Thus he earned a little money for his school expenses. He continued to do so even when he was at college. Thus he passed his M.Sc. examination and became a professor. There he wrote several books on scientific subjects. His chief desire

was to do the greatest good to the greatest number of people. He left all his life's savings to found scholarships for research in Agricultural Chemistry. He knew that this research was bound to benefit farmers all over the world. Though world - famous, he never felt proud of his discoveries. "I discovered nothing," he once said, "I am God's agent - the instrument through which He works."

Questions:

- i) How does Dr. Carver's life prove that "you can't keep a great man down"?
- ii) What can you say about the early life of Dr. Carver?
- iii) What did Dr. Carver do with his life's savings?
- iv) How was he honoured for his commendable achievement?
- v) Is there anything to prove that Dr. Carver was a humble person?
